INFORMATION ABOUT THE SERVICE

Service Availability

The service will also only work in areas with sufficient 4G mobile data coverage. Mobile plans M - XL are also able to utilise 5G mobile networks. To access 5G, you will need a 5G enabled plan, a 5G compatible device, and to be in the Telstra Wholesale 5G coverage area. See "Coverage" for further info.

Minimum Term

1 Month

WHAT'S INCLUDED AND EXCLUDED

Unlimited national call and text value - with your monthly plan allowance, you can make unlimited standard national calls to fixed and mobile numbers, including unlimited standard SMS and MMS, voicemail retrieval, and calls to 1800 and 13/1300 numbers.

You cannot use this unlimited included value to make calls and send SMS/MMS to international numbers, directory services, satellite numbers, video MMS, or when roaming overseas. These will incur excess usage charges on your monthly bill.

Calls and SMS/MMS to premium numbers (e.g. 19x/189x/VPN numbers), Sensis calls, or other content charges (including third party charges) are barred.

4G & 5G Network Access - 4G Network access available only on S Plan, all other plans are accessible over 4G including access to the 5G network.

Unlimited international call and text value - Mobile plans M - XL include unlimited calls and texts to international landlines and mobiles in 15 countries: China, France, Germany, Greece, Hong Kong, India, Ireland, Malaysia, New Zealand, Singapore, South Korea, Thailand, United Kingdom, USA and Vietnam.

This call value **cannot be used** while roaming overseas.

Data Bank - retain up to 500GB (S 10GB Plan) or 1000GB (all other plans) of unused data and carry it forward into the next month, giving you more data to use than just your allocated quota. Banked data cannot be used while roaming overseas. Any unused data at the end of the month which would exceed the maximum allowed balance of 500GB/1000GB is forfeited.

Downgrading to a smaller plan, changing to a plan which does not support Data Banking, cancelling or porting away your service from us will forfeit any banked data. Any banked data cannot be "gifted" or transferred to another service.

Bring Your Own Device (BYO)

Our plans are SIM-only. You'll need an unlocked, compatible 4G or 5G device to use your service. Your device must support the 4G/5G frequencies used by the Telstra Wholesale Mobile Network. If your device is locked to another provider, you'll need to unlock it before inserting your National PC Connect SIM.

COVERAGE

Our mobile plans use the Telstra Wholesale Mobile Network, providing coverage to 98.8% of the Australian population across more than 1.7 million square kilometres. Check online to see the coverage types available in your area:
